Maybe even better than free.

The cost of that data transfer is covered by your internet service or the data plan on your phone. File is free to use with no gotchas and no hidden fees. Simply upload your file and share the link. You can give this download link to your friends by mail or instant messenger. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can upload any type of file (movies, music, documents, images, zip files and more). If only we could, we surely would! On the other hand, using file can actually save you money. Using file, you can circumvent those limits without paying to upgrade your team chatservice. It is also allowed to link to the download page from websites and communities. You don't need any special software installed to be able to downloadyour files. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Unfortunately, we can't make that part free.No account or credit card is required to get started. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chatapps have limits to the size of files that can be transferred within their apps. Just upload the file you want to share with your friends and we send you adownload link to your file. Our service is completely free for everyone. You decide who you want to share your files with. There are no restrictions on thenumber of times a file can be downloaded. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is beingtransferred between your computer or phone and our servers, then from our servers to your friends device. So try our free and simple filehosting service now.Files can be downloaded from any computer from our high speed servers. When you use file, you avoid storing the file you're sending in your cloud storage ormail server. We have no file size limit. filehosting provides an easy possibility for you to send large files to your friends. Keep your files private, or send yourdownload links only to friends or family. Any file in any format can be uploaded and downloaded for free. Files transferred the old-fashioned way tend to pileup and be forgotten about, eventually costing you money in data storage fees.
